PRO A/V SERIES

Cables Unlimited™ USB 2.0 7-Port Multi-TT mode USB Hub with Power

Cables Unlimited:
USB-1870/UPC 724580321446
20/ Carton

DESCRIPTION:

Cables Unlimited™ now offers a 7-Port USB 2.0 Hub ideal for connecting USB devices such as digital cameras, external hard drives, flash drives and printers to your PC or MAC. This compact, stackable, slim-line design powered hub provides data rates of up to 480Mbps and the perfect solution for transferring data between your computer and external USB storage devices. Perfect for use in any home and office environment.

FEATURES:

- Works seamlessly with all your USB 2.0 and USB 1.1 devices
- Perfect solution for connecting digital cameras, external hard drives, flash drives and printers to your PC or MAC
- Transfers your data up to 480Mbps
- Installs easily with Plug-and-Play & Supports “hot swapping” of all your USB devices
- 7 external auto speed selectable USB Type A downstream ports
- Connect up to seven devices quickly and easily
- Works with either USB enabled PCs or MAC computers, a combination, or both
- Windows 98SE and higher, MAC OS compatible
- Bus powered
- The TT is a dedicated processor within USB 2.0 hubs that services classic speed devices by translating their traffic from either low-speed or full-speed into a high-speed data stream that is sent to the host

SPECIFICATIONS:

- USB 2.0 & 1.1 compatible (Data Rate 1.5/12/480 Mbps)
- Includes: Power adapter (1), Cable (1)
- Power Red LED/Downstream Green LED indicators
- USB IF Certified; CE & FCC Approved
- Limited Warranty: 1 Year
